Celebrating SPHFM Research during November 2021

Weekly circulation of updates about research

Weekly Thursday Zoom Sessions 12-1:30pm

- 04 Nov: Celebrating Socially Responsive Research
- 11 Nov: Sharing Research Challenges in the Current Context
- 18 Nov: Celebrating PG Student Research 2021
- 25 Nov: Celebrating SPHFM Research 2021

Call for Posters for the SPHFM Research Month November 2021

**Calling all PG students, post docs, SPHFM staff and affiliates
to complete a research summary poster for our Research
Celebration Month**

**Fill in the easy-to-use provided template to let us know about your
research during 2020- 2021**

- The research does not have to be formally completed/published yet
- It is fine if you have presented this information at another conference
- You can submit more than one summary poster
- We will circulate these around the SPHFM, put them on the website, and many will be shared during the Thursday sessions in November

For PG student submissions:

- *Prizes for the best student posters* (judged by a DRC panel) will be announced at the 18 Nov Thursday session
- *Posters will be judged according to the following criteria:* Original student research (student first author), with robust findings/messages communicated, and good visual presentation
- Please make sure your poster says what degree you are doing, what Division you are in, and names any supervisors/co-authors.

**We encourage everyone in the SPHFM to participate –
in these times it is good to know what everyone is up to!**

Deadline for posters: 22 October 2021

Send posters and any queries to liza.smith@uct.ac.za
